

**1 Environmental Policy for Pirtek UK:**

- 1.1 The overall responsibility for Environmental requirements lie with Mr. Alistair Wiggins (Director) for Pirtek UK Ltd. who are part of a multiple franchised operation, and who shall keep all employees, customers, contractors, and visitors, advised as to their responsibilities and those of the Company in respect of Environmental issues.
- 1.2 The Company is committed to leading it's industry in minimising, and reducing the impact of its activities on the environment whilst operating the Depot, and managing MSST's with Equipped Mobile Workshops
- 1.3 The key points of the Company's strategy to achieve this Policy are:
  - 1.3.1 Ensure that staff are trained, and aware of how their actions can adversely affect the environment. Employees, suppliers and customers shall be encouraged to understand and recognise their obligations regarding environmental protection and continual improvements.
  - 1.3.2 Minimise "waste" by preventing waste, and by evaluating stock management and ensuring that procurement is efficient, including weekly ordering of components and material; whilst recognising that the Company is a responsive operation. Ensure that Hazardous Waste is transported, stored, and consigned: meeting statutory legislation.
  - 1.3.3 Minimise toxic (Diesel) emissions through the selection and use of its fleet of vehicles, and the allocation of the MSST to jobs.
  - 1.3.4 Actively promote recycling, using appropriate storage "bins," and where possible and practicable: amongst customers and suppliers.
  - 1.3.5 Establish, and maintain registration to ISO 14001, legal & statutory requirements, plus requirements from the Franchisor.
  - 1.3.6 Environmental objectives shall be set, and reviewed to ensure continued improvements and effectiveness of the system(s).
  - 1.3.7 Provide the necessary communication, information, instruction, training, and supervision to prevent pollution to the environment.
- 1.4 This policy shall be made available to the public, with a signed copy retained in the General Office.
- 1.5 Requests from third parties for a copy of any serious impacts to the Environment shall be directed to, and provided at the discretion of the Licensee.
- 1.6 This policy shall be reviewed as a minimum annually to ensure that it remains relevant and appropriate.
